

Statement on European Cross Border Health Care

This statement describes how NHS Bath and North East Somerset, Swindon and Wiltshire Clinical Commissioning Group meets the requirements of European Directive 2011/24, and the policy published by NHS England (2013) to support access to healthcare in Europe.

Who is entitled to NHS funding for healthcare in Europe?

NHS funding for treatment in the European Economic Area (EEA)¹ will be provided for patients who are entitled to NHS care if:

- Their GP/NHS clinician recommends the treatment;
- The patient meets the local NHS's treatment criteria;
- The cost of treatment in Europe is equivalent or less than the cost of NHS treatment.

What treatments will be funded?

NHS funding for treatment in Europe will not normally be provided for 'low priority' treatments; Clinicians/patients seeking NHS funding for these treatments must apply through the Individual Funding Request process: see

<https://bswccg.nhs.uk/your-health/what-we-do-and-don-t-fund>

All local commissioning policies setting out patient entitlement to treatments, and treatments and services that are not generally available to NHS patients in Bath and North East Somerset, Swindon and Wiltshire can be found on the following website:
